PROFILE

I have held responsible positions in a number of companies throughout my professional career. I always find joy in new challenges, where I can deploy my skills and knowledge. I am described by my colleagues and friends as an individual who is thinking outside the box. I am looking for the latest technologies and solutions which make life smoother for my surrounding. With my positive attitude, experience to work in a Team and providing excellent customer service, I am looking forward to join an Establishment who is providing the opportunity for my professional development in this field.
